BKPS College of Architecture, Pune
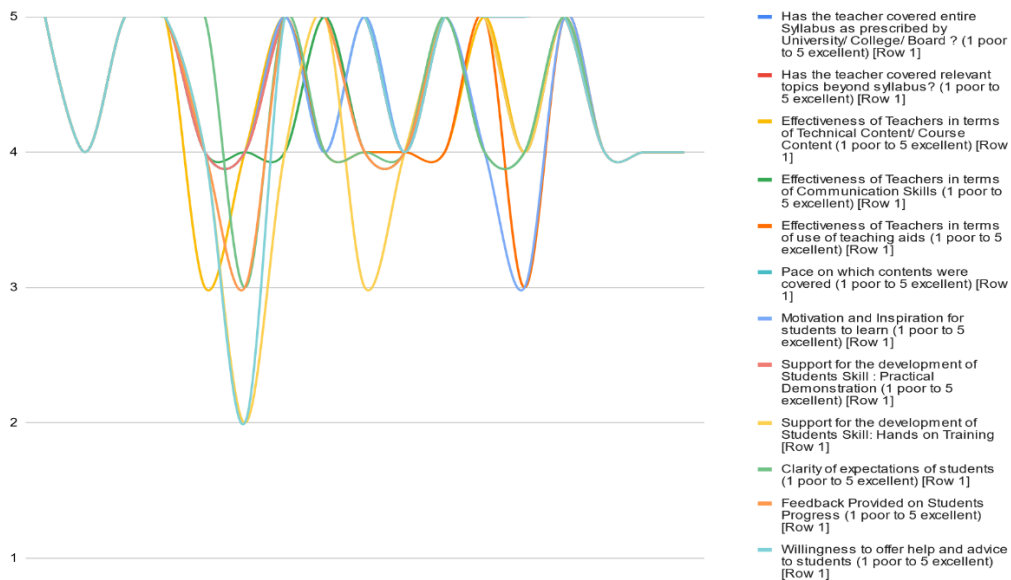

Feedback Analysis Report
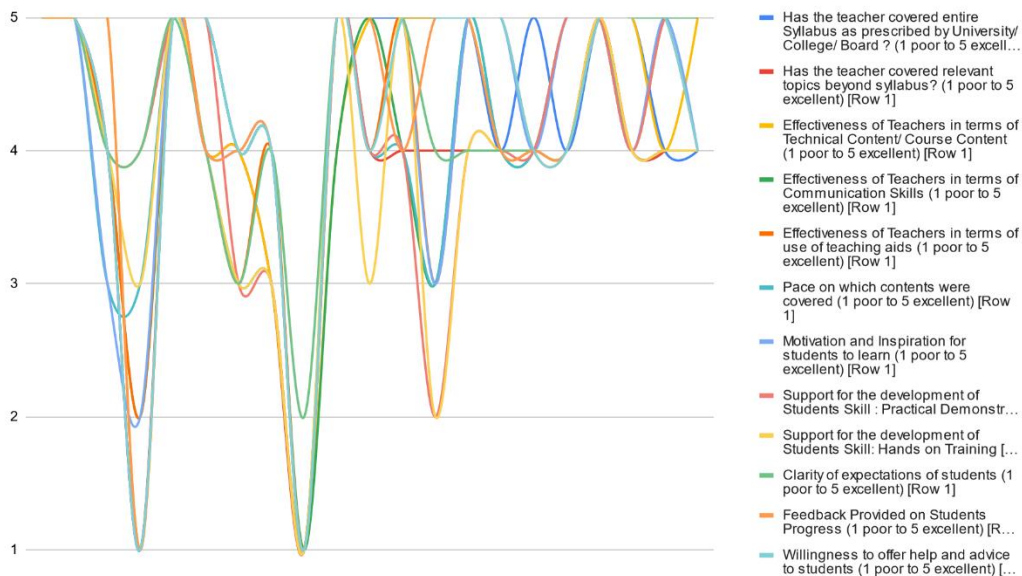

1. **Students feedback form**

Students' feedback on the quality of instruction, support, and overall support is collected via Google forms. Our feedback collection focuses on 'Faculty performance' and 'subject review'. Every semester, we collect curriculum feedback for all years. Each point is rated on a scale of 1 (lowest) to 5 (highest). To comprehend the entire comments, the average rating of each subject is examined. Subject-specific and teacher-specific feedback is collected and analysed graphically.

2. Alumni Feedback form

Feedback from Alumni who have engaged with our institution:

We collect feedback from numerous stakeholders in order to assess the quality of our institution and the knowledge received by students. To collect data, online Google forms are employed, and a link is distributed to stakeholders. This feedback was gathered from our alumni who have remained connected to the university through hiring our students as beginners or interns, as well as participating in academic activities such as juries, examinations, visiting faculty/guest lecturers, and similar.

Our Alumni are accomplished and professional individuals who have sought additional study and are now owners of their own businesses, principal architects, or in higher positions at respectable firms. This feedback aids in improving the teaching-learning process and assessing educational quality.
